Tech Bulletin:
Windows XP Installation Using Physical Media on R3082D PC Blade

Products Addressed

This Tech Bulletin addresses installing Windows® XP operating system on an R3082D PC Blade using physical media, such as optical discs (DVD-ROM or CD-ROM).

Overview and Environment

When installing Windows XP operating system on R3082D PC Blades:

- Connect all USB devices to the USB ports on the front of the R3082D PC Blade or on the back of the R4300 chassis (not to USB ports on a connected C/Port), and

- Install an AHCI driver to enable Windows XP operating system support for SATA disk drives (using the F6 option at the beginning of the operating system installation process).

This technical bulletin assumes that R3082D PC Blades use the default ClearCube BIOS.
