

CLEARCUBE

C3Pi VESA Mount Kit

Multiple configuration mounting solution for ClearCube® C3Pi-series thin clients based on Raspberry Pi® Model B+

The ClearCube C3Pi VESA Mount Kit enables ClearCube® C3Pi and C3Pi+ Thin Client users to mount the small thin clients to VESA®-compatible displays (for example, on the back of a monitor) or under a desk.

Mounting Kit Features

The lightweight bracket (45 grams) supports these VESA hole patterns:

- 75 mm x 75 mm
- 100 mm x 100 mm

The C3Pi VESA Mount Kit provides easy access to all thin client ports (Ethernet, USB, video/audio, and power). A quick-release on the side of the VESA mount allows administrators to easily remove and re-insert a C3Pi-series thin client from the mounting bracket for maintenance or quick relocations.
